

Young People First.

We put young people first.
Always.

Values

Young Person-Centred – We start from young people and their needs.

Professional – We act with expertise, integrity and accountability.

Passionate – We bring energy and commitment.

Consistent – We offer reliable support and build trust over time.

Inclusive – We respect all identities and backgrounds.

Honest – We speak truthfully, openly and with kindness.

Mission

We improve lives by building positive relationships with young people living with disadvantage, their families and their community. Working in partnership—in schools, on the streets and with families—to enable every young person to overcome challenges and be the best version of themselves.

We offer open-ended, bespoke, wrap around, trauma-informed support: mentoring; youth clubs; detached youth work; and family support. Tailored to each young person, family and their needs.

Backed by strong partnerships with schools, social care, local police and community groups, we'll always support young people to be the best version of themselves for **as long as it takes**.

USP

Promise

... to always put young people first—listening, supporting and empowering them and their families with honest, consistent support for as long as it takes.
